Dear Mr Duffet!

I would like to sincerely congratulate you with the 20th anniversary of signing the agreement of cooperation between our cities Arkhangelsk and Portland. We know you as an energetic and purposeful person as we remember a number of our meetings in Arkhangelsk. We have noticed your love to our city so I hope that our relations will continue on a new level.

The years passed after the signing of the agreement were not easy for Russia, for Arkhangelsk and its citizens. But despite of all problems there were a lot of good events, important and useful meetings and we have always felt friendly support of our partners in Portland. I am sure that a lot of new events, new meetings and work on new projects will take place in the coming years.

Taking the opportunity let me invite you to the 425th anniversary of Arkhangelsk City Day and take part in the events devoted to this day.

I wish you success in your activities for the good of our cities!

With best regards,

Mayor

Viktor N. Pavlenko
